VOL. 3 NO. 3 JENKINTOWN, PENNSYLVANIA WINTER 1981

HEALTH FAIR TO BE HELD ON CAMPUS

Manor Junior College has planned a Health Fair at the College on March 18, 1981 from 10 a.m. to 3 p.m. It is open to the public and admission is free.

Co-Chairmen Mrs. Marion Samuels and Dr. Henry Beilstein have made available a great variety of health screening tests, lectures and discussions on pertinent health topics, as well as audio-visual displays of health educational material to Manor students and to the community.

Among the many activities planned will be blood pressure and diabetes screening, tests for visual acuity and gaucoma, foot screening and dental screening, including orthodontic screening and oral cancer detection. Dr. Beilstein has announced that several health associations have confirmed their participation as exhibitors and that trained personnel will be available. Among those confirming are the Arthritis Association, the American Red Cross, the Public Health Department, and the Visiting Nurses Association.

Of special interest will be the "sugarless shack" promising fun and games, as well as good health advice to children of all ages. Another special feature will be the "toothbrush trading post".

Relaxation techniques and exercise programs which help in the maintenance of good health are also a part of this extensive series of activities.

A seminar on environmental health problems is among the projected activities, as well as informational displays and lectures on various health insurance plans and a booth devoted to health careers.

One of the goals of the fair is to teach the participants how to translate this health information into attitudes, behavior and action; to learn about the importance of maintaining a desirable weight; and to recognize the importance of regular exercise and improved nutrition.

The Health Fair reflects Manor Junior College's recognition of the importance of preventive medicine. It provides a valuable learning experience for the students, as well as a worthwhile service to the community.

ALUMNAE RECRUITING

The doom forecasters have been predicting declining enrollments for all colleges because of the decreased high school population. Contrary to this recent trend, Manor has increased its enrollment 87% in the past five years. New academic programs in the Allied Health and Business Divisions, increased financial aid and good job placement have contributed toward Manor's growth. However, one significant factor that has gone unmentioned is the impact of successful, satisfied alumnae.

Incoming freshmen often mention alumnae having influenced their decision to attend Manor. Recently some alumnae have directly participated in Admissions recruiting. Kathy King ('78), an EFDA graduate, is one "alumnae recruiter" that became aware of the complexities of Admissions work. Kathy attended the Williamsport College night in October and followed up with visits to her local high schools and churches. Kathy is anxious to further raise the awareness of Manor in the Williamsport area. This year we have Eileen Frey who is also an EFDA student from Williamsport. Kathy is presently working for a dentist but is considering continuing her education at Thomas Jefferson University in Dental Hygiene or Cytotechnology.

The Christmas Holy Supper at Manor

Anyone who has attended this annual affair at Manor knows that the Christmas Holy Supper is a very special event. It is a warm enjoyable evening, and this year's dinner, held on Sunday, December 14th, was one of the best so far. The supper was well attended and deemed a great success by all present.

Reverend Adam Polischak said the opening prayer. The traditional greeting was given by Sister Miriam Claire, President, and the distribution of the Prosphora by the Sisters at Manor followed. Manor students, Lydia Chomenko and Diane Yagla gave a presentation on Ukrainian customs. The Holy Supper consisted of the traditional Ukrainian foods: borsch, filet of fish, varenyky, holubchi, kolach, kutya, chrusty and medivnyk.

Preceding the Dinner, The Ukrainian Youth Theater of Philadelphia, under the direction of Wolodymyr Shasharowsky, presented "Bethlehem Night", a lovely montage performed by the children of the youth theater. After dinner everyone joined in the singing of Christmas carols.

Manor wants to thank everyone who helped make the Christmas Dinner a success, especially, Mrs. Christine Izak, Mrs. Olga Mychaluk, Mrs. Myron Sagaty, Mrs. Nina Kwashynska, Mrs. Kazimiera Mykietiuch, Virginia Lee Lucyszyn, Susan Reid and Mr. William Barry.

Linda Hamme, representing the Dorm students, presents Sister Cecilia, Dean of Students, with a special "Dormies" award in appreciation for all the help Sister gives to the students.

NEWS BRIEFS

The Athletic Department under the direction of Angie Scarengelli, has taken on a new look. The purchase of new blue and white uniforms and warm-up suits for the volleyball and basketball teams has added a touch of "designer class" to the department. Jersey style, v-neck in Columbia blue with white trim and featuring the name "Manor" on the front in four inch letters, the uniforms could meet anyones sophisticated tastes. Jacket style warm-up suits in Columbia blue and white trim complete the dazzling uniforms. Angie plans to match the dazzling uniforms with some dazzling victories.

Thanks to Jonathan Morse and his recruitment committee, and the **blood donors** of Manor, we were able to supply the American Red Cross with 49 units of blood which will help as many as 245 patients who are not able to ask for the help themselves.

Dr. Alexandra Baker, Clinical Coordinator of the Dental Assisting Program, and Michael Colucci were married on October 25, 1980 at Alverthorpe Manor in Abington, Pennsylvania. Congratulations!!

Joining Manor's teaching staff for the Spring Semester are: **John Hartwick,** Accounting, **Madeline Seltzer,** English Composition, and **Linda Zwanetski,** Court Reporting.

The fourth annual **Team Workshop of the Expanded Functions Dental Assisting Program** was held on January 21st. Fourteen dentists and thirteen auxiliaries attended along with Manor's Dental Assisting students and staff. Dr. Alexandra Baker led the workshop. Participating on the panel were Dr. Morton Langsfeld, III, Dr. Barry Sukoneck and their assistants - Diana Kwasnycky, a 1980 Manor graduate, Andy Heller, a 1979 Manor graduate and Sally Cubbins. The purpose of the workshop was to acquaint dentists with the externship experience. By participating in this program, a dentist will have the opportunity to utilize one of Manor's senior EFDA's in his office one day a week for twelve weeks.

On November 21, 1980 the **Manor Medical Assisting Alumnae Club (MAAC)** met for the first time. Besides reviewing old acquaintances and making new ones with members of other graduating classes, the students

Прикраси малювала мисткиня Менору Софія Лада і її приятелька Христина Швед, пристосовуючи традиційні мотиви до сучасних взорів. Виготовляли їх теж студентки — члени Українського культурного клюбу. Виставку доповняли скульптури мисткині Слави Геруляк п. н. „Колядники".

ONLY 3 PEOPLE IN 10 HAVE A WILL

A surprising truth? Seven out of ten adults reportedly do **not** have a valid will! Dying "intestate" (without a valid will) is like telling the state to distribute your assets — literally allowing the state to do whatever it wants with whatever you leave.

Take the first step in family financial planning:

* contact a lawyer or financial advisor
* review and update an existing will
* create charitable gifts and obtain tax benefits by including Manor Jr. College in your will.

Write to John J. Shields, Director of Development, Manor, to be included on the mailing list for Wills and Estate Planning information mailings.

THE CLASS OF '82

The Class of 1982 has a unique profile of its own. Of the 106 incoming students 100 are Pennsylvanians who come from as far west as Pittsburgh and as far north as Williamsport. Four are from New Jersey. Hiroko Inoue from Japan and Beatrice McLaughlin from Ireland, add the international touch.

The Freshmen have selected a variety of fields of study with the greatest number choosing the Allied Health professions: Expanded Function Dental Assisting (26); Medical Laboratory Technology (20); and Medical Assisting (17). The Secretarial programs were chosen by 19 students, 13 in Business Administration/Accounting/Administrative Assistant and the remaining 4 in Science transfer and Liberal Arts.

Lydia Chomenko and Daria Myr received Presidential Scholarships. Harriet Buchsein, Jody Cox, Lisa Fetzer, Susan Friend, Eileen Harton, Ann Marie Leszczynski and Sheryl Levin were awarded Manor Junior College academic scholarships. A basketball grant was awarded to Tina Capozzoli while Maria Schrems received a faculty tuition remission scholarship. In all, 84% of the freshmen received some financial aid in the form of grants, work study and loans.

Fifty-six percent of the Freshmen came from private high schools and the remaining 44% from public high school. The greatest number hailing from Cardinal Dougherty, Archbishop Ryan, Northeast High School and St. Huberts. Fourteen percent are transfers from other colleges.

Recently elected to the Student Senate were Barbara Palage (President), Andrea Bursin (Vice President) and Kathy Heenan (Dormitory Representative). Noting their academic and leadership potential, Sister Anthony Ann, Dean of Admissions, forsees success for the Class of '82.

New Freshmen class officers are Kathy Heenan, Dorm Representative, Barbara Palage, President, and Andrea Burcin, Vice-President.
